## MY FIRST SUMMIT

The "Talbahn Goldeck" will take you quickly and easily to the mountain station at 1,780 m. From here a broad forest path which is suitable for buggies leads to the Goldeck summit at 2,142 m. Nothing to stop you getting to the top of your first mountain!

The circular hiking paths are also perfect for Nordic walking and trail running.

## LAKE GOLDECK

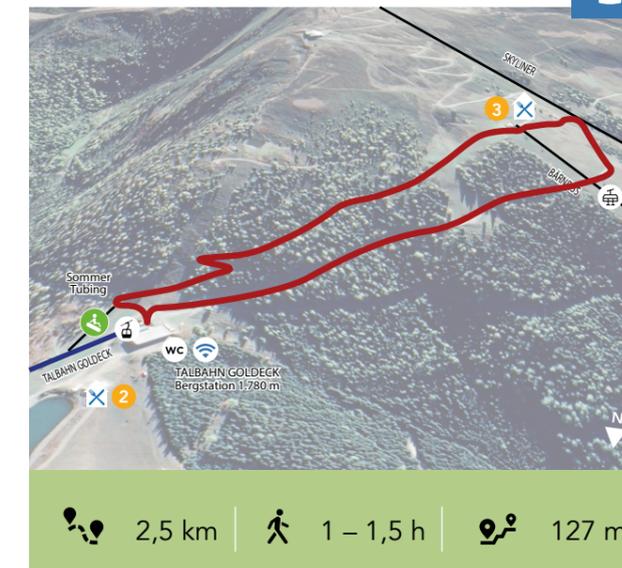

The lake route starts from the "Talbahn Goldeck" mountain station and is a circular path suitable for buggies.

Enjoy the breath-taking panorama over the town of Spittal an der Drau and the Lake Millstätter See region [mountain and lakes viewpoint] as well as the Liesertal and Maltatal valleys and the Mölltal valley. The lake is a lovely place to sit and rest. On the way back, you can enjoy the sunshine and refreshments on the terrace of the SEEHÜTTE Goldeck.

### ALTITUDE PROFILE

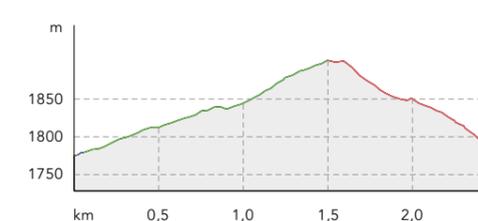

## MUSHROOM WALK

From the "Talbahn Goldeck" mountain station, an easy hiking trail leads up the Bärnbiss to Mosthüttl. Take the forest path (trail number 32) back down to the mountain station. Along the mushroom trail, there are many interesting information boards on wild mushrooms. Depending on the season, you might be able to find these mushrooms along the trail.
